Subject: HB 3063: Opposed

Dear Member(s) of the Legislature,

Please oppose HB 3063. This bill is an infringement on our right to bodily autonomy and informed consent. The US Supreme Court has ruled vaccines as “unavoidably unsafe” and where there is risk, there must be choice. As a state that prides itself on providing its citizens with their rights to choose any number of things in their lives, this bill is a direct and blatant infringement on our basic human rights and should be opposed at any cost. Thank you.

Sincerely,
Mariah Klement
