Subject: PLEASE BE WISE: OPPOSE HB3063

I'm a constituent of district 17 Washington County, and would like to express my opposition to HB3063. Medical freedom is on the line. Science is never ending and we owe it to our children and the future generations to think through these sort of decisions with the full spectrum of information and research. Not hasty and with poorly written bills that go against constitutional writes and global ethical agreements like the Nuremberg Code. This is that real!

Please be wise and OPPOSE HB3063.
