To Whom it May Concern:

I wanted to write to let you know that I am in opposition of proposed bill HB 3063. I have lived in Oregon for close to 20 years and I feel that this law violates our personal freedoms and personal choices about our health and our bodies. I will consider moving to another state if this bill is passed. I believe in our right to choose what to put or not put into our bodies, as well as the right of every child to a public education despite a family's personal beliefs.

Thank you for hearing us.

Sincerely,
Liza Stillhard
