Dear Health Committee,

I am a 16 year old Junior
in High School. I go to Willamina High, in Oregon

I have never been vaccinated, and
never will be. You bunch of rich
people sitting around know nothing
about what we need. The kids

who have been vaccinated, the so-called
"Immune" kids, miss more school than me,
from being sick. The only days I have
missed were routine checkups, and
when I had to fly to Georgia
for a funeral. Quit trying to
force me to get shots, cause I
don't want or need them.

I rarely get sick, and it lasts
only 2 days at most.

Thank you for listening to my
statement.
