My name is Bo Rushing and I reside in Salem but also own a home at the Oregon Yacht Club in Portland at 6901 Oaks Oark Way, Slip 21.

First, I believe the legislature should let the marine board continue to do their job. They have implemented rules on the upper willamette which haven't even yet been implemented, conducted errossiom that contradicts the facts being stated in the bill, and these bills seem to have alterior motives that place bias restrictions on tow/wake boats. I believe if more education or restrictions are to be put on river users, it should include other users such as SUB, kayacts, tubers who need to learn safety and training as well.

Sincerely,

Bo Rushing, CCIM
