

To Whom it may concern –

I am in full support of Taylor's Law. On top of knowing the Martinek family I have recently lost a very good friend this past December to the opioid crises. He was also sold Fentanyl disguised as OxyContin and it took his life far too soon at the age of 34. It is my hope and prayer that this law gets passed in order to bring some justice and honor to Taylor's name and hopefully to save many other lives along the way.

Please consider the importance of aiding in fixing this crises.

Many thanks for your time,

Kyle Carter
