

Hello,

My name is Anastacia Reutov, I am from Woodburn, OR. I strongly oppose bill HB3063. The bill is in direct violation of my First Amendment Right, restricting me to freely practicing my religious beliefs. The bill also robs me of my liberty right as US citizen, and as a parent. This bill puts oppressive restrictions on my way of life and behavior, and my right and ability to make health decisions when it comes to my own children. This bill will discriminate against my children by segregating them into a group, and denying them the right to education.

I oppose bill HB3063, I hope you do not discriminate against my First Amendment Right. Please protect my rights to freely practice my religious beliefs, and vote no on HB3063.

Thank you for reading,

*Anastacia Reutov*
