

Hello,

I'm writing you today with a last minute plea to vote NO today. Most people don't realize the effect this will have on the lives of many families. I am not anti vaccine. I am against our government and pharmaceutical companies, who have no liability for their products, telling us what to inject into our own children. That is a RIGHT of the parent to make that decision and it is a RIGHT of the children to get an education they deserve.

PLEASE don't give in to the scare tactics. Vote NO today.

I thank you from the bottom of my heart.

Sincerely,
Sara DeFilipps
