Honorable Chair Kenny-Guyer and Committee Members:

As a LILA employee from Eugene, I am writing to you to speak out in support of House Bill 3122:

*Requires Department of Human Services to request in agency request budget and Governor to include in Governor's budget specified amount of General Fund moneys for distribution to centers for independent living.*

As a person with a disability, I support the Oregon's State Plan for Independent Living (SPIL: 2016 – 2019) as developed by the Governor's State Independent Living Council (SILC), in collaboration with Oregon's seven Centers for Independent Living (CILs), and approved by the Federal Department of Health and Human Services' (DHHS) Administration for Community Living (ACL). The funding goals present in the Oregon SPIL are the direct inspiration for HB 3122.

- HB 3122 is a response to the service needs and funding vision embodied in Oregon's 2016 – 2019 SPIL.
- HB 3122 seeks to provide parity in funding growth for peer-based Independent Living Services to benefit the almost 600,000 people with disabilities across the age and

disability spectrums served by CILs.

- HB 3122 provides a strong foundation and compliments supports services offered by Oregon's Department of Aging & People with Disabilities, and Oregon's Office of Vocational Rehabilitation Services.
- HB 3122 is a well-reasoned commitment to expanding CIL service capacity to reach 5% of people with disabilities over a 10 year period (2019 – 2029), and to extend CIL services statewide during that period.

As a supporter of Oregon's State Plan for independent Living, I ask your support for

- parity for peer-based CIL safety net funding for people with disabilities and
- investment in the basic civil rights of the often disenfranchised people with disabilities in Oregon.

I ask each committee member, and Chair Keny-Guyer, to sign on as a supporter and champion for HB 3122. This landmark legislation will help to enhance the quality of life for people with disabilities on Oregon for generations to come!

As a supporter of Oregon's State Plan for independent Living, I ask your support for

- parity for peer-based CIL safety net funding for people with disabilities and
- investment in the basic civil rights of the often disenfranchised people with disabilities in Oregon.

I ask each committee member, and Chair Keny-Guyer, to sign on as a supporter and champion for HB 3122. This landmark legislation will help to enhance the quality of life for people with disabilities on Oregon for generations to come!

"Nothing about us without us!"

Sincerely,

Hillary

## Endorsement of Oregon House Bill 3122

*The following is respectfully submitted to be included in the Public Record as supplemental Public Comment to hearings held in March 2019 re HB 3122*

March 14, 2019

The Oregon Legislature, House of Representatives  
Committee of Human Services and Housing  
Representative Alissa Keny-Guyer, Chair  
900 Court St. NE Room H-272  
Salem OR 97301

[Rep.AlissaKenyGuyer@oregonlegislature.gov](mailto:Rep.AlissaKenyGuyer@oregonlegislature.gov)

Honorable Chair Kenny-Guyer and Committee Members:

As a LILA employee from Eugene, I am writing to you to speak out in support of House Bill 3122:

*Requires Department of Human Services to request in agency request budget and Governor to include in Governor's budget specified amount of General Fund moneys for distribution to centers for independent living.*

As a person with a disability, I support the Oregon's State Plan for Independent Living (SPIL: 2016 – 2019) as developed by the Governor's State Independent Living Council (SILC), in collaboration with Oregon's seven Centers for Independent Living (CILs), and approved by the Federal Department of Health and Human Services' (DHHS) Administration for Community Living (ACL). The funding goals present in the Oregon SPIL are the direct inspiration for HB 3122.

- HB 3122 is a response to the service needs and funding vision embodied in Oregon's 2016 – 2019 SPIL.
- HB 3122 seeks to provide parity in funding growth for peer-based Independent Living Services to benefit the almost 600,000 people with disabilities across the age and

disability spectrums served by CILs.

- HB 3122 provides a strong foundation and compliments supports services offered by Oregon's Department of Aging & People with Disabilities, and Oregon's Office of Vocational Rehabilitation Services.
- HB 3122 is a well-reasoned commitment to expanding CIL service capacity to reach 5% of people with disabilities over a 10 year period (2019 – 2029), and to extend CIL services statewide during that period.

As a supporter of Oregon's State Plan for independent Living, I ask your support for

- parity for peer-based CIL safety net funding for people with disabilities and
- investment in the basic civil rights of the often disenfranchised people with disabilities in Oregon.

I ask each committee member, and Chair Keny-Guyer, to sign on as a supporter and champion for HB 3122. This landmark legislation will help to enhance the quality of life for people with disabilities on Oregon for generations to come!

Honorable Chair Kenny-Guyer and Committee Members:

As a person who experiences a disability and many barriers to living independently in the community, I am helped every day as a result of working with my peer counselor at LILA in Eugene.

Without help from LILA staff to get community supports, to learn new skills and find my voice so that I can advocate for help to meet my needs, I would be in deep trouble and at risk of homelessness!

There are more than 500,000 people with disabilities in Oregon and most of them are often forgotten like me. We all can benefit from peer counseling at the CILs.

Please support passage of House Bill 3122 and expanded CIL services in Oregon!

Chair Keny-Guyer, committee members, PLEASE SUPPORT & CHAMPION HB 3122!

You can help me to realize my simple dream to live independently with dignity.

“Nothing about us without us!” Please listen to my voice!

Sincerely,
