Dear Committee,

I am Dan Murphy, Managing Director of the Broadway Rose in Tigard. I am also the Board Chair for the Washington County Visitors Association. I just wanted to let you know I think it is wrong to be spending TLT income on anything other than tourism. Other than the 30% which goes to the general fund, which I don't even know if I agree with that, you are putting the housing crisis on the backs of the hotels who are trying to create the commerce to help businesses grow.

Consider this a no vote for S8595.

Thanks

Dan
