Dear Chair Dembrow,

Please vote no on both these bills.

Please don't kill the farming industry in Oregon which these bills are a big step in that direction.

I keep remembering the lady that is in favor of these bills that said " I don't need those stinky dairy cows, I get my milk at Safeways"

I grew up on a farm here in Oregon and it was a wonderful life and developed some very responsible, hard working individuals. Please don't destroy that.

Thank you, Frank Porfily

Sincerely,

Frank Porfily
