

SB 910 -1 STAFF MEASURE SUMMARY

Senate Committee On Health Care

Prepared By: Brian Nieuburt, LPRO Analyst

Meeting Dates: 3/20

WHAT THE MEASURE DOES:

Narrows sitting restriction on methadone clinics to clinics providing outpatient treatment. Requires the Oregon Health Authority to adopt by rule a definition of "outpatient" for the purposes of methadone clinic sitting restrictions.

REVENUE: May have revenue impact, but no statement yet issued.

FISCAL: May have fiscal impact, but no statement yet issued.

ISSUES DISCUSSED:

EFFECT OF AMENDMENT:

-1 Replaces measure. Removes requirement that parole and probation officer approve request for use of synthetic opiates. Adds naloxone equivalents and other drugs identified by rule in the prescription monitoring program maintained by the Prescription Monitoring Program Advisory Commission. Allows pharmacies, health care professionals, and pharmacists to distribute multiple naloxone kits to social service agencies or other persons who work with individuals who have experienced an opiate overdose. Allows social service agencies and other persons to redistribute kits to individuals likely to experience an opiate overdose or to family members of the individuals. Repeals methadone clinic sitting restrictions.

BACKGROUND:

Naloxone and methadone are two medications frequently used in the treatment of opioid addiction and/or overdose. Naloxone blocks opioid receptor sites, reversing the toxic effects of the overdose. Naloxone is administered when a patient is showing signs of opioid overdose and can be given by intranasal spray, intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection. Methadone works by changing how the brain and nervous system respond to pain. It lessens the painful symptoms of opiate withdrawal and blocks the euphoric effects of opiate drugs. Methadone is offered in pill, liquid, and wafer forms.

Senate Bill 910 removes barriers to access of naloxone and methadone by making naloxone kits more readily available and repealing methadone clinic sitting restrictions.
