Chair Helm and members of the House Committee on Energy and Environment –

Please see the attached photo of roughly 100 foresters, loggers and small woodland owners who showed up on Tuesday March 12 to attend the hearing and testify in opposition to HB 2656.

Not everyone who made the trip to Salem to voice their opposition was able to testify, and many of them have submitted written testimony on the record. We just wanted to make sure this photo was submitted for the record to show those who took time out of the middle of a work week to oppose this extreme bill.

Thank you for the opportunity to submit,

Sara Duncan
Director of Public Affairs
Oregon Forest & Industries Council
