

Please vote NO on lowering voting age to 16

At 16 students are still learning how to navigate high school drama They are not allowed to buy cigarettes They are not allowed to buy alcohol They are not allowed to buy guns Why? Because their brains are not yet FULLY DEVELOPED!

They are not allowed to defend our country They are not paying bills or paying taxes.

Nothing they vote on will directly impact their life because they are not mature enough to live on their own, pay their own bills and function as an adult.

Please, VOTE NO on allowing 16 year old children to vote.
