Subject: Support SB 927 & SB 929

I support SB 927 & its repeal of the owner consent provision. With the pressures accompanying unprecedented population growth in our state, it is important that one owner alone not be allowed to decide on the historic & cultural value of a structure.

I support SB 929 which will be essential to helping expand housing opportunities & the preservation of our historic architectural & cultural heritage. This bill could play a critical role in helping to preserve historic resources in lower income communities and in areas that are rapidly gentrifying and especially vulnerable to demolitions.

Thank you for considering my concerns.

Linda
