

Members of the Rules Committee:

Consider that I have found not one single person in my work environment that condones giving voting privileges to a 16 year old.

The majority of my coworkers are under 30.

I would go further and say this is as clear of an attempt at undermining the foundations of our Country as is motor voter subterfuge, the allowing a non citizen to vote, and for that matter, witch hunts for Russians.

We see you and what you are trying to do. We want it to stop.

Honestly & Integrity are what we need in our elected officials considerations. Please exercise it and kill the Bills attempting to give children voting privileges.
