

Oregon Rules Committee,

Please vote NO on SJR22 and SB838 bills. Children are not ready to vote at 16yrs of age. Let alone a 20yr old. Most of them don't have a lick of sense at those ages, they just are not ready for society. If they were they would be running this country all by themselves.

I have not ever heard of such nonsense in my life, I'm 64yrs old. Shame on people/adults for mind bending these children into the political arena where they have no business being.

God help us all if these go through
