Subject: Oregon Senate Rules Committee - SJR22 and SB838

PLEASE Vote NO on these two bills!

Stop SJR22 and SB838 that would allow 16 year olds to vote.

These children have no business being indoctrinated to vote at 16. We are talking about the condom sniffing, tide pod eating, entitled youth of our state. It is insane to allow these children who can not drive with passengers, can not legally sell cigarettes or lighters in a convenience store. These are children who can not even legally buy cigarettes.

Get your shit together Oregon and start thinking about what is best for our state as opposed to whats best for all the pocket books or political agendas of the legislators.
