

PLEASE Vote NO on these two bills!

Stop SJR22 and SB838 that would allow 16 year olds to vote. I know things I did and believed when i was 16 was not only bad for my own self but not ready to make decisions that could affect the state as a whole. We have curfews for kids under 18, they can't smoke, drink, get ears pierced or tattoos with out permission but yet we are actually considering letting them vote? Why not try first giving them a chance at other things like tattoos or body piercings that only effect themselves before we hand over trust of a state with voting rights!! I had a child at 14, but couldn't pierce my own ear, this to me allowing a child that we as a nation don't feel they are responsible enough to make changes to their body without parent permission but want to give them control over our elections. Wake up before you loose control over your state. I mean they may only vote for someone who guarantees them a longer lunch or more freedoms at school. Why don't we work on not babying our youth before we let them vote. We don't allow them to even begin to work until 16 so they don't even have an understanding of what all they are being handed. Pls don't do this protect your state.
