Regarding SB 838 & SRJ22

Consider that I have found not one single person in my work environment that condones giving voting privileges to a 16 year old.

The majority of my coworkers are under 30.

I would go further and say this is as clear of an attempt at undermining the foundations of our Country as is motor voter subterfuge, the allowing a non citizen to vote and for that matter, witch hunts for Russians.

We see you and what you are trying to do. We want it to stop.

We need honesty and integrity from our elected representatives.  
These Bills are neither

Do not consider giving the vote to children.
