

PLEASE Vote NO on these two bills!

Stop SJR22 and SB838 that would allow 16 year olds to vote.

Teenagers (with few exceptions) are not of the mental capacity to handle the research and intelligence skills to handle voting for the future of our country. They are more likely to light themselves on fire, take stupid 'challenges' that can cause them serious physical harm or even death, than they are to have the sense to research candidates that they elect. Since 2008 when Barack Obama was elected, it seems like government officials and the public seem to think that books like 1982 and films like Idiocracy are a GOAL, not a WARNING. Lowering the age to 16 just proves that. Unless the government is willing to lower the age of smoking, drinking, military service, obtaining credit cards, purchasing firearms and other things that are classified as 'of adult age' to 16 or younger, then you need to vote NO on these bills. Thank you for your time.
