

I oppose both SJR 22 and SB 838 which would lower the voting age to 16 in Oregon. A 16 year old is not yet mature enough to make decisions that can impact the state the way voting does. They are not old enough to buy cigarettes, alcohol, a gun, or sign up to serve their country at that age. What makes us think they are mature enough to vote at 16?

Vote no on both SJR 22 and SB 838.
