Re: SB 978

Dear Chair Prozanski, Vice Chair Thatcher and Committee Members:

This innocuous-looking measure has “stealth bill” written all over it – ripe for later “stuffing” of the controversial language in some of the other gun bills. I urge you to oppose it, not because of its original language but for what are almost certainly the future plans for it.

You can effectively disarm the citizenry and/or turn thousands of your constituents into criminals but the bad guys will be able to get their hands on all the firepower and ammunition they want. We outlawed heroin – how’s that been working out?

Sincerely,

Jenny Ritter
