

SB455 is redundant, unnecessary, and illegal. It is discriminatory against plain AMERICANS that do not belong to a 'privileged' class, as defined by Government 'do-gooders'. We are at a stage in history where everyone can stand on their own two feet. Vote AGAINST Government Mandated Discrimination!!! The best qualified person should get whatever job is offered, with no discrimination regarding, sex, race, religion, color, gender, or any other criteria other than qualifications!!!
