## THE SUPREME COURT

### **To the Honorable Senators and Representatives of the 80<sup>th</sup> Legislative Assembly:**

I am pleased to present the Chief Justice's Recommended Budget for the Oregon Judicial Department for the 2019-21 biennium. As a new Chief Justice, I make this budget request with an acute awareness of the many statutory and constitutional obligations that the Judicial Branch must fulfill: We must protect individual rights, promote public safety and welfare, and the preserve confidence in our system of justice. I am aware of those obligations because I am personally responsible for the work of the Judicial Branch, but I also recognize that our judicial responsibilities are responsibilities that all branches of our state government share and that all three interdependent branches must be adequately funded to enable us to achieve our mutual goals. To that end, I am recommending a Judicial Branch budget that will permit our courts to be a strong partner in those joint efforts while at the same time continuing to make efficient use of every dollar we receive.

To make the laws that the legislature enacts fully effective, they must be enforced and people must believe that they will be enforced, as the Constitution requires, "completely and without delay." It is essential to both business and consumers that contracts be enforced and disputes resolved. It is essential to our children and families that trauma be reduced and that permanency be achieved. It is essential to victims of crimes and malfeasance that wrongdoers be held accountable and to those accused of crimes or tortious conduct receive the process that is due them. When that happens expeditiously and when court staff and judges have time to truly listen to those who appear before them, to explain how the law works and to demonstrate that the system is fair and that justice is impartial, then people are more likely to abide by the law. They are more likely to have trust and confidence in the courts and the government more generally. And that is no small thing; it is essential to our democracy.

This proposed budget maintains current levels to allow our trial and appellate courts to address the more than one million cases that will be filed during the coming biennium. The Judicial Branch has participated in the deep reductions of the past biennia and still is trying to rebuild. Current service level funding will enable us to fill some of the key infrastructure

pieces that are still missing and are critical to our ability to process the cases that others file and over which we have no direct control.

But that funding will also permit us to take positive steps to address common issues and concerns, including preventing trauma to children and families and reducing costs and improving results in the criminal justice system. Current service level funding will allow our courts to continue to serve unrepresented Oregonians (including by fully implementing the benefits of our now-completed Oregon eCourt system), and to reduce incarceration (including by providing staffing for our problem-solving courts).

In the policy option packages included in this budget, we ask more specifically for funding that we deem essential to our mission. For instance, we seek additional staff and judges to enable us to make real progress in improving the lives of children and families. We seek compensation for our judges that recognizes their role in the administration of justice and that addresses the continuing compensation gap between their compensation and the compensation of the public-sector lawyers who appear before them – a gap that threatens the judiciary’s ability to attract and retain a diverse group of highly-skilled judges. And we include bonding requests to equip the new Multnomah County courthouse and to assist other counties to improve or replace their courthouses.

We are committed to doing our part to meet our joint responsibilities to all Oregonians, and we look forward to working with you to that end.

Respectfully submitted,

Martha L. Walters  
Chief Justice, Oregon Supreme Court
