ISSUES DISCUSSED:

EFFECT OF AMENDMENT:

No amendment.

BACKGROUND:

Oregon's Public Employees Retirement System (PERS) enables public employers to provide their employees with retirement benefits. State government, public schools, community colleges, and many local governments (cities, counties, and special districts) participate in PERS.

If a retiree wishes to re-enter the workforce, their PERS benefit could be affected based on the plan they retired under, who their employer is, and how many hours they work per year. Any retiree who works for a private-sector or non-PERS covered employer may work unlimited hours without any impact on their level of retirement benefit. In general, a Tier 1 or Tier 2 retired PERS member working for a participating public employer can continue to receive retirement benefits as long as the total period of combined employment with one or more participating public employers does not total more than 1,039 hours in a calendar year. There are numerous exemptions to the limit on hours a retiree can work. Retirement benefit payments will cease for a retiree under the Oregon Public Service Retirement Plan (OPSRP) if they are employed in a qualifying position by a participating employer.

House Bill 3130 allows a Tier 1 or Tier 2 retiree to work an unlimited number of hours without any loss of retirement benefits if they are employed by the Oregon State Police to provide security to the residence of the Governor or for judges under the Judicial Department, or to provide law enforcement related to access and habitat programs under the Department of Fish and Wildlife.
