

Please vote NO on SB978! This bill and subsequent amendments will DO NOTHING FOR GUN SAFETY! Criminals will still be armed. Criminals do not do background checks or register their guns!

I live in rural Klamath County, my home has been broken into twice and belongings stolen. Fortunately I wasn't home either time. Law enforcement is a hour away if I call 911. These new laws will put me in great danger by preventing me from protecting myself!

Please!! These new laws would give a free pass to the criminals to continue doing what they want to do. Do the right thing VOTE NO!
