

I urge you to not vote for this. I am a law abiding, legally armed citizen. If this passes criminals will not obey it, as they won't obey anything you do to my second amendment rights.

This is not about guns. It is about a problem of the heart and soul, an issue of upbringing and simple education into right vs: wrong. You should focus your efforts on healing people instead of taking rights away from the honest folks that are paying your wages.

Sincerely,
Mitchell Stauber
