BACKGROUND:

The Children and Youth with Specialized Needs work group formed in January of 2018 under the sponsorship of the Governor, the President of the Senate, and the Chief Justice of the Supreme Court. The work group formed as a response to address the unique challenges of children with unique mental or behavioral health needs who come to the attention of different systems (such as the juvenile justice system, the child welfare system, or the health system). Senate Bill 221 is a result of the recommendations from the Children and Youth with Specialized Needs work group.
