This fiscal impact statement is for the purpose of transmitting the measure from the House Committee on Health Care to the House Committee on Rules.

The measure creates the 11-member Reporting Relief and Medicaid Transparency Task Force charged with reviewing: (1) state and federal laws governing the disclosure of public records; (2) the data reporting requirements established by law or in contracts for coordinated care organizations; (3) the data reporting timelines established by law or in contracts for coordinated care organizations; and (4) the types of data that are reported by coordinated care organizations but not made available to the public and whether there is a legal reason for withholding those types of data from the public.

The measure is anticipated to have an impact on the Oregon Health Authority, the Department of Administrative Services, and the Legislative Assembly.

A more complete fiscal analysis on the measure will be prepared as the measure is considered in the House Committee on Rules.
