

Senate Bill 978, which is now the Omnibus Firearms bill, if passed will take my rights given to me by the Constitution of the United States of America away. This bill would take away the rights of my children and grand children to enjoy the sport of shooting. The Governor of our state wants to take this right away but wants to give a 16-year-old the right to vote. Either one of these don't make any common sense. Me and several thousand people of the state of Oregon are asking that you spend your time trying to get our state on a path of a great future and not spend your time taking away the rights of the people. It appears to be very clear, you only know how to raise taxes and take our rights away. Please dump this bill in the waste basket and move onto something that will help the people of the state of Oregon.

Thanks
