**Oregon Progressive Party  
Position on Bill at 2019  
Session of Oregon Legislature:**

**HB 2322: Support**

Dear Committee:

The Oregon Progressive Party supports this bill, which requires the Land Conservation and Development Commission to amend statewide land use planning goals related to energy to incorporate development of renewable energy facilities and reduction of greenhouse gas emissions and to match state energy policies.

Combatting climate change requires immediated and concerted action.

Having reviewed the testimony filed to date, we also support the line-by-line amendments proposed by Steve Schell.
