

Please vote NO on this Bill.

My name is Kay Bridges
Washington County resident

It is fraught with problems in that it essentially requires confiscation of firearms without recourse after a conviction.

I personally know of people who have been charged and convicted and then that conviction has been overturned.

This Bill does not take those kinds of extenuating circumstances into account.

My thought is "What could possibly go wrong with this?" and my response is "A lot."

The sponsor may have good intentions but the Bill is lacking in reality.
