

To whom it concerns,

This is a gross and insulting attempt at a gun grab. This is blatantly a dishonest sneak through of legislation based upon what you consider to be your higher standard of morals. What you are trying to do is unconstitutional and despicable.

Please vote no on SB 978. This is being very closely watched and if this gains any momentum, we will be sure you are no longer in power after the next election. You will be voted out and the consequences will be felt for supporting this kind of disgusting abuse of the system.

Thank you for your time.
