

Greetings, I am writing to urge you to vote yes on the NPV bill, SB 870. Passing this bill would allow Oregon and Oregon votes to matter in the next Presidential election. It would draw the attention of both parties' candidates allowing Oregon issues to be heard. In addition, studies have shown that the so-called "battleground" states receive a higher percentage of federal aid than other states, such as Oregon. We matter! Our votes matter!

Please vote yes on SB 870.

Thank you,

Meridee J. Faber
