---

My Testimony:

Please oppose SB 978!!

The Oregon Democrat party has lost track of legal precedent, and what's moral, according to the Constitution. The phrase "Don't Tread on Me!" most certainly applies herein, and has been backed up by the Federal Courts, all the way up to the Supreme Court on pretty much every case they've tried on the issue.

If you vote to pass this bill, you are the poster-child; the evidence that CRIMINALS DON'T OBEY LAWS, and in fact sometimes get to write them!

Oppose SB 978, and all so-called 'reasonable' gun control, or prevail your soul to the absurd ignorance that thinks more gun laws will somehow stop gun violence. I testify that it will only manifest more violence, and unreasonable seizures of rights and goods BY the government, against The People. This has been proven again and again.
