

Good afternoon,

I wish to express my objection to this Bill, and all of it's contents. I am a law abiding citizen and gun owner, and this bill is an egregious violation of the 2nd Amendment.

None of these proposals will stem gun violence, but instead only serve to punish the lawful gun owners like myself.

Certainly safe storage, permits, and other parts of the bill fail the Constitutionality test and have already seen failures in the highest courts.

I vote. My friends like me vote. We are watching, please do not support this bill.

Vote NO on SB978

Thank you
