

I urge you to vote NO on SB 978

This bill is full of unconstitutional and unenforceable laws. All this bill will do if passed is make criminals out of law abiding.

The amendments to SB 978 represents the most extreme attack on Oregon gun owners ever. Among its many pointless and dangerous provisions are the changes to the definition of "public buildings" .

Under this amendment a law abiding Oregonian could become a felon simply by being near a building controlled by any government agency or school.

I urge you to vote no on this extreme attack on our rights.

Thank You
Dan Drayton
