

Once again the Democratic party of Oregon is hiding their nefarious activity. If it is worthwhile, put it out in the open so all citizens of Oregon can see it. No hiding in sheep's coat while the wolf is setting the trap.

SB 977-1 takes a citizens due process and coverts it into a big government confiscation scheme.

I can only imagine why a bill of this nature would even be proposed. Bigger gov't with more control? UN Agenda 21? Kill agriculture, with what purpose? It jsut doesn't make sense otherwise.
