Date: April 9, 2019

Measure Description:

Requires Oregon Health Authority to take steps to limit cost to hospitals, ambulatory surgical centers and extended stay centers for compiling and reporting records and data.

Government Unit(s) Affected:

Oregon Health Authority (OHA), Oregon Patient Safety Commission

Analysis:

This fiscal impact statement is for the purpose of transmitting the measure from the House Committee on Health Care to the Joint Committee on Ways and Means.

The measure directs the Oregon Health Authority (OHA) to adopt rules requiring ambulatory surgical centers and extended stay centers to report specified data, including quarterly reports on all patient deaths. The rules for data reporting must allow for use of existing data reporting by ambulatory surgical centers that is required by the Oregon Patient Safety Commission and the Centers for Medicare and Medicaid Services (CMS). The measure prohibits OHA’s reporting requirements from imposing unreasonable financial or administrative burdens on ambulatory surgical centers or extended stay centers. The measure allows the Oregon Patient Safety Commission to share with OHA data reported to the commission by ambulatory surgical centers and extended stay centers. The measure requires the commission to update its evidence-based guidelines regarding the patient characteristics and surgical procedures that may be appropriate for ambulatory surgical centers and extended stay centers by July 1, 2025

The measure is anticipated to have an impact on the Oregon Health Authority and the Oregon Patient Safety Commission.

A more complete fiscal analysis on the measure will be prepared as the measure is considered in the Joint Committee on Ways and Means.
