Hi Kailey,

I want to be sure that all the members of the committee members reviewing SB 580 know that there are lots of Eastern Oregonians who support this bill. I live in La Grande, OR, 97850. When I first learned about the cyanide traps, I was horrified at all levels. It seems a completely barbaric way to "deal" with wildlife, and I was worried about my own dogs finding these traps.

Please--let's do away with the exploding cyanide that can harm people and domestic animals.

Best,  
Kirsten Johnson
