Dear Committee Members,

I applaud the efforts to see how successful students in Oregon are. Is what we are doing working?

I have three kids and I returned to school last year to work in healthcare.

I have questions as it cross over into a few areas.

Will HB 2019 also study mental health issues and online homeschooling for example?

How will 2019 study issues like the following:

- 1) Connections Academy has a graduation rate of 57%- With the passage of HB3063, Grad rates could lower
- 2.) 35,500 students have an exemption to one or more vaccines. -Homeschoolers CANNOT be ordered back to school if they are failing if HB3063 removes those students due to that passing.

Kind Regards, Nicole DeGraff
