

## Tools for Schools

**HB2224**/House Committee on Education: \$85 million for investments in social, emotional/ mental health.

**HB2026**/House Ed/ODE: Expands successful “Trauma Informed Schools Pilots” (Central and Tigard H.S.) which are reducing absenteeism, dramatically reducing failure rates among at-risk kids, etc.

**HB3165**/Nathanson-G. Smith: Allows school districts to move forward with new school health centers (which leverage state dollars 5/1) or more targeted mental/behavioral or nursing supports for their schools.

**SB131**/Senate Health Committee: Links school nurses with providers at school health centers to allow for billing for critical health services and expansion of nursing in many districts.

**HB2644**/Schouten: Creates Community Hubs (up to 5) to help leverage state aid for youth/schools.

**HB2327**/Barker, Wagner, Bonham, Etc.: Implement anti-bullying programs, suicide prevention efforts, multi-disciplinary safety assessment teams, and school safety tip lines.
