

SUBCOMMITTEE RECOMMENDATION

SB 68

Relating to fees imposed by the Public Utility Commission

SB 68 establishes a new upper limit for fees imposed on investor-owned utilities. The actual fees are set in rule. The measure will allow the Public Utility Commission to meet growing demands placed on the agency by policymakers and the rapidly changing energy marketplace. The recommended 2019-21 budget for the agency assumes \$9 million in new revenues from passage of this measure.

The Transportation and Economic Development Subcommittee recommends SB 68 be reported out do pass.
