

Dear Committee Members,

I'm writing to provide comment to the Joint Committee on Student Success for the public hearing on Thursday, April 11 regarding House Bill 2019.

I was glad to see that your committee has approved roughly \$400 million in new investments in early childhood programs and services. Investing in early childhood reduces inequality, expands young minds, and sets children on the path to success.

Everything starts with early childhood education. Nothing is more important than the foundation built in the first few years of a child's life.

Thank you for all the support!

Sincerely,
Alexandria Lukaris
