Subject: April 11 Hearing - Supportive testimony for HB 2019
Date: Friday, April 12, 2019 9:50:10 AM

Dear Joint Committee on Student success,

Please support the Student Success Act! As a parent of young children and a faculty member at Portland Community College, I see the corrosive effects of the decades of under funding education every day. The stresses of deteriorating facilities, large class sizes, stressed and burned out staff, and not enough resources to go around anywhere take a toll on all of us and on the future of our state.

Sincerely,
Amanda Bird
