Subject: April 11 Hearing - Supportive testimony for HB 2019

Dear Joint Committee on Student success,

I've been a public school teacher for 12 years and I'm TIRED. Tired of being expected to do more with less. Tired of seeing teachers burn out and leave the profession. Tired of seeing programs like music and art cut from our schools. Tired of seeing class sizes get larger and larger. Tired of using ancient curriculum or having to create my own because it wasn't in the budget. Tired of seeing my students sit in desks and chairs that are so old they are falling apart. Tired of seeing the maintenance of our classrooms and buildings dwindle. And most of all TIRED of seeing funding for the education of our youth low on the priority list. Let's put education first and invest in our children!

Sincerely,
Brianna McGinnis
