**Date:** Friday, April 12, 2019 9:48:10 AM

---

Dear Joint Committee on Student success,

We just learned that the technology teacher's position was cut at our school and class sizes will be increased next year.

This generation of students is the next generation of our leaders. We need to equip them with qualified teachers, small class sizes and access to technology as an investment in our future.

Sincerely,  
Jill Muhm
