Importance: High

To whom it may concern,

INVESTMENT in education can and will make a difference for kids in Oregon. Investment in education is an investment and commitment to our future. I see no potential for a positive outcome as a result of reductions in resources for our students. We are already seeing signs of our kids, teachers, and schools not getting the tools they need. A lack of investment in our schools is a lack of investment in our future. Please reconsider your current course of actions.

A concerned parent and father of two elementary students in the Portland Oregon Public School District.

Best,

Mark Subotnick
