

Honorable Chair of the Joint Committee on Transportation and Members,

Please Vote NO on HB2015

NO on Driver cards for people who do not have legal presence. They must have proof of legal residency. We already hashed this out in 2014. Oregonians don't want people to get a driver card unless they are here legally!! This idea was defeated in 2014 as the attached picture shows in a demographic of the voters by county who defeated this idea. This bill insults the voters of Oregon.

Sincerely,  
Janice Dysinger
